

## Description

- › Specially designed to fit under the driver's or passenger's seat of a T6 camper van, the T6-Box is our most compact energy solution. Equipped with an integrated LiFePO4 battery, it provides you with just the right amount of energy and accompanies you wherever you go.

## Features

- › **More powerful and longer-lasting**  
Provides twice as much power as a lead battery while maintaining a high energy capacity. Up to 4500 cycles at 0.5 C charge and discharge.
- › **Rolling charge**  
Contains a 25A DC-DC charger, allowing for on-the-go charging directly from your vehicle's battery.
- › **Solaire charger**  
Contains a 25A MPPT solar charger, allowing charging by connecting only photovoltaic panels.
- › **Communication**  
Control the battery charging level and status via a dedicated mobile app.

	T6-Box
<b>Reference</b>	10313-0100A
<b>Features Battery</b>	
Nominal voltage	12.8 V
Nominal capacity	100 Ah
Full battery voltage	14.6 V
Internal resistance	≤ 30mΩ
Charge current	25 A
Discharge current	100 A
Useful life	≥ 4500 cycles
<b>DC-DC charger</b>	
Applicable voltage	12 à 16 V
Charge current	25 A
Automatic D+ detection	Yes
<b>Solaire charger</b>	
Applicable voltage	≤ 32 V
Charge current	25 A
Maximum power	290 W
<b>AC-DC charger</b>	
Charge current	Exterior, sold separately.
<b>Specifications</b>	
Material	ABS + PEHD
Dimensions (cm)	27 x 19 x 18
<b>Mechanic</b>	
Weight	12 kg

**Anderson Y adapter**  
allows doubling the 12V output.

*Sold separately*

Compatible with our **DC/AC converters up to 1200W.**

*Sold separately*
